"SHAMS" Center “ The Occupations’ Crimes Against the Palestinian is a Reflection of Political Helplessness and a Violation of the Articles of the International Law

Human Rights and Democracy Media Center "SHAMS" condemns the atrocious despicable heteroecious crimes committed by the Israeli occupation on the 1st of June, 2022 leading to the martyrdom of the 31-year-old journalist ‘Ghofran Haron Warasna’ from the occupied northern area of Hebron and the 24- year-old young man ‘Bilal Awad Qabaha’ from Ya’bad- West of Jenin. Also, the 41-year-old young man ‘Atiya Al-Masri’ from Der Al-Balah who was killed by the Israelis in an Air strike in *Saif Al-Quds* (The Sword of Jerusalem) in May, 2021.

Furthermore, on the 2nd of June, 2022, the Israeli forces actions led to the martyrdom of the 29-year- old released prisoner ‘Ayman Mahmud Mhesin’ from Al-Dihisha camp in the southern part of Bethlehem as well as the 17-year-old ‘Odeh Mohammed Odeh’ from Al-Madya village from the western part of Ramallah. These crimes have been the reflection of the instructions of the Israel political and military personnel. Furthermore, it is a confirmation to the call of the Israeli PM to use excessive force against the Palestinians.

"SHAMS" Center denounces the racial discrimination practices of the Israelis which opposed the journalist ‘Ghofran Haron Warasna’ assuring that the Israeli actions are shameful. In addition, they reflect unethical and inhumane people who only see themselves. It assures that these practices towards the body of the martyr Ghofran came as a continuation to the Israeli policy at the moment the Israelis targeted the martyr. Also, they intentionally hindered the mission of the staffs of the Palestinian Red Crescent who tried to save her for 30 minutes before they managed to transfer her to Hebron’s hospitals.

"SHAMS" Center assures that Bennett's government expressed its political helplessness that his criminal policy is a message to the international community. His message is that his government is a tyrant government which only cares for killing others without having any horizon for any kind of negotiations or any peaceful political horizon.

The international community's negligence of its crimes is a sign of the international community's approval of its crimes against our people. In other words, Israel will be held the responsibility for its crimes and will not be punished for any of them that the Israeli's government political behavior is purely racist aiming at killing, racism and destruction.

"SHAMS" Center stresses that the Israeli intentional escalation against our people will lead the area to unprecedented escalation of the Israeli practices, crimes and unstable political behavior. In other words, Bennett's government seeks to keep the fabric of the fragile governmental coalition at any cost even if the price is the Palestinians souls and blood. From here, the international community is required to stand against the Israeli actions, crimes and assaults. In other words, it should stop taking spectators' point of view by condemning and denouncing them because neglecting the Israeli crimes will threaten international peace and security allowing. This encourages Israel to commit more crimes against Palestinians.
